About

I am a self-taught Javascript developer with Udemy & FreeCodeCamp certification and a **B.Tech** student. I've always found Coding intuitive and have pushed myself to learn the most effective ways to achieve a result. I'm a deep study learner and can quickly integrate into the team so I can provide value to the company and the customers.

Education History

B.Tech Aug 2018 -July 2022
Arya Institute of Engg. & Management

Higher Secondary School Jun 2016 -May 2017
Adarsh Gyandeep Vidhya Mandir Sr Sec School

- With Science & Math Subject

Secondary School Jun 2014 -Jun 2015
Meera Bal Niketan Sr Sec School

Projects

I built some **Mobile App and WebApp** based projects like **Food Delivery App, Uber Clone App, Crypto Tracker App, my own Portfolio website**, etc. with using JavaScript Framework **React Native & React.js, HTML/CSS**, and other popular and compatible dependency libraries like for state management **Reduxjs** and for Animation **React Native Reanimated** with **deploying Amazon App Store & Vercle** since around **last 1.5 Years**.

Certifications

- [MERN Stack Mobile App with React Native | Udemy | 18.5 hours](#)
- [Responsive Web Design | FreeCodeCamp](#)
- [DSA in JavaScript | FreeCodeCamp](#)
